LABOR AGITATORS CROWDING JAILS

50 H. S. SENIORS TO BE GRADUATED HERE NEXT WEEK

Baccalaureate Address On Sunday Night Is the Beginning of End.

BANQUET ON FRIDAY

Finishing Class Starts the Week Crammed With Activities.

CALENDAR OF EVENTS

Friday, May 14.—Junior-Senior banquet at Elks Hall.
Sunday, May 14.—Baccalaureate sermon by Rev. J. H. Ball at McSwain theatre.
Monday, May 15.—Continuance of examinations started Thursday.
Tuesday, May 16.—Senior class play at McSwain theatre.
Wednesday, May 17.—Eighth grade graduation exercises at First Baptist church, Prof. A. L. Pentem to deliver address.
Thursday, May 18.—Final examinations of entire school.
Friday, May 18.—Commencement exercises at Methodist church, Rev. H. M. Wood, delivering address.

The remainder of the 1921-22 school term will be a busy one for graduating students of Ada high school, each day bringing forth new events connected with commencement.

Examinations were started today and will be continued until finished late next week. Little class work will be done during the remaining few days, it was said, as the closing work will take practically all of the time of the students and faculty.

One of the largest graduating classes in history, numbering 50, will receive diplomas this year. The class, many members of which are completing a full four year's course at the local school, has selected as its motto: "The elevator to success is not running; take the stairs." Class colors are green and white and the white carnation was chosen as the flower.

Prof. A. L. Pentem, who is completing his work at Ada high school, stated today that for the remainder of the term the general working of his office would be in the hands of Prof. W. A. Hill, who has been chosen to succeed Mr. Pentem next year. Pentem resigned to accept a position at East Central College. This is being done to allow the new principal to get in touch with school matters before next term, thus saving the school from suffering by any delays. Mr. Pentem will be in his office to complete matters which he has already started.

Banquet Tomorrow Night.
On Friday evening of this week the annual junior-senior banquet will be held at the Elks Hall. Plans were being completed today for this event, which is one of importance in local school life. All seniors, their parents and friends will gather at the McSwain theatre Sunday to hear the baccalaureate sermon. This will be followed by the annual class play at the same place on Tuesday evening.

Seniors will rest on Wednesday, as that day is given over to eighth grade graduates. Thursday they will close all work for the year. Commencement exercises, together with presentation of diplomas and the commencement address will take place at the First Methodist church on Friday evening.

Class roll for this year:
Mary Jeanette Bobbitt, Charles Russell Boud, George Frederick Bowman, Sarah Evelyn Brown, George William Carr, Mildred Collins, Charles Henry Cunningham, Opal Lee Dean, Irene Deering, Nora Duty, Vay Ola Duncan, Maurine Evans, Harvey W. Faust, Clarence E. Fischbeck, John James Fleet, Naoma Ellen Greer, Alice Elleg Gowing, Verna Mary Graham, Dolly Gay, Verna E. Gatewood, Semilla Ella Hays, Geraldine Hale, John Renfro Herrndon, Annie Laurie Hill, Susanne Frances Holman, Bess Ruth Knight, Mildred Laughlin, Fannie May McCann, Jimmie J. McCoy, Terrence H. Manville, Ann Louise Meaders, Sarah Oleta Montgomery, Cleo Edith Moore, Elizabeth May Myers, Hazel Leora Roach, Byron Roberts, David Benjie Shipman, Mozelle Christina Sloan, Edward Dean Spencer, William Burgess Steed.

NOMINATION OF NAT GOLDSTEIN IS TAKEN BACK

(By the Associated Press)
WASHINGTON, May 11.—Nomination of Nat Goldstein of St. Louis to be internal revenue collector for eastern Missouri district was officially a closed incident today. President Harding's withdrawal of the nomination in compliance with a request of Nat Goldstein in a letter laid before the senate yesterday by Senator Spencer, republican, Missouri, who recommended the appointment, was formally communicated to that body at a brief executive session last night, following the late session devoted to the tariff bill.

Presentation of Mr. Goldstein's letter to the senate brought a new attack from democratic senators, led by Senator Harrison, of Mississippi, on the nomination, for his acceptance of \$2,500 from the campaign fund of former Governor Lowden of Illinois, when he was a candidate for republican presidential nomination in 1920.

The city commissioners are inviting the public to be present Friday afternoon at the city hall when bids on the proposed bonds will be opened. In a statement about the Memorial Hall today, Commissioner Deaver said:

"For sometime in the past the question of voting bonds for the purpose of building and equipping a Convention and Memorial Hall has been under consideration by the citizens of Ada, and it has been put off from time to time until after the newly elected commissioners were elected and qualified. The mayor in the near future will issue an election proclamation calling an election for this purpose. The commissioners in a recent meeting decided to make this bond issue \$110,000.00 which amount in our opinion will purchase the site and construct this building complete, however, the commissioners have not yet decided the exact location and the kind of a building to be built, we desire to co-operate with the various civic organizations of the city on these two questions.

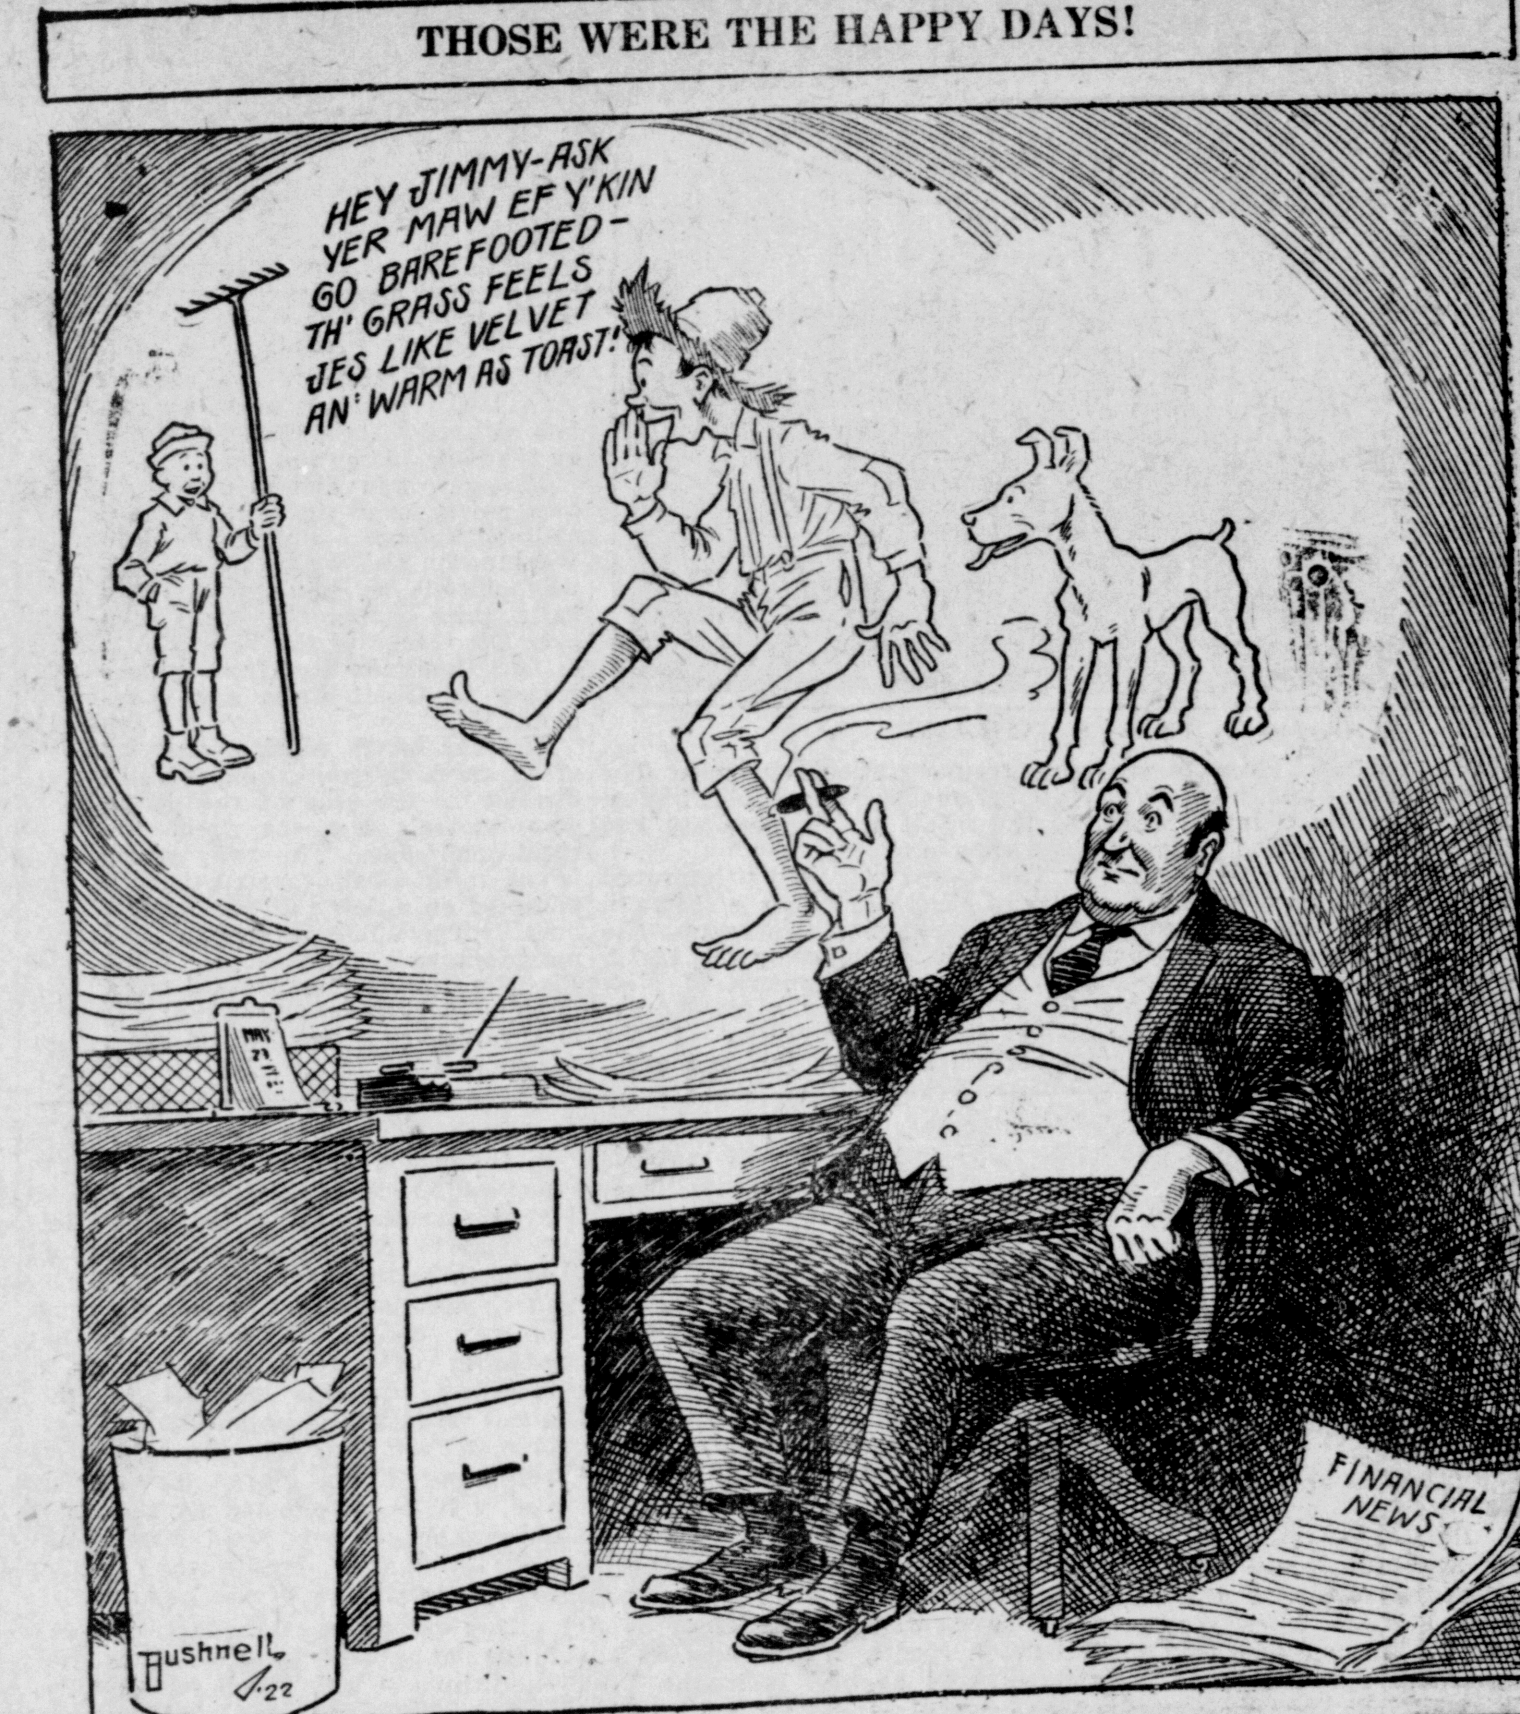

"It also has been called to attention as to what amount it would raise the present tax assessment, will say that I have figured from every possible angle on this matter, and I find that the approximate raise of taxes will be 20 cents on the hundred, for the period of years, and after that period will gradually decrease to the value of the property, which is \$5,500.00, and city of Ada, which is \$5,500.00, and it is the opinion of the commissioner of accounting and finance that this valuation will increase as time goes on, for the reason that the citizens of Ada, do not expect the valuation of this city to remain the same, it is my sole wish and desire with every other citizen in the city to see Ada, one of the best cities second to none in the state of Oklahoma, and if the citizens of Ada will get behind this movement with the intent purpose of boosting for Ada, we will have this dream come true.

"On account of the present condition of the bond market which, by the way, is now better than it has been for sometime, the commissioners in their meeting of May 9, decided to sell these bonds Friday, May 12, at 2:30 p. m., subject, however, to the will of the voters in the coming election which will be called in the very near future.

"I wish everyone interested in this matter would meet with us in the city hall, Friday, May 12, at 2:30 p. m., and at which time the bids for the bonds will be received and opened and read by the clerk of the city, and it is my desire that all interested or disinterested be present, and you are cordially invited to be present."

Carpenter Whips Lewis
(By the Associated Press)
LONDON, May 11.—Georges Carpenter won over Ted Lewis in the first round of their scheduled 20-round match for the world's light heavyweight championship here tonight. Carpenter's victory achieved after 2 minutes and 15 seconds of fighting.

An inscription stating their business and their employers' name is worn by Japanese workmen on their caps and backs.

TORNADO NEAR OMAHA, NEBR.

Great Damage Result From Storm. Wire Communication Cut Off.

(By the Associated Press)
OMAHA, May 11.—With all wire communications between Omaha and Lexington, Neb., interrupted, details of the tornado that struck near that city early last night and caused damage in Dawson county were still meager today.

Reports received last night before telephone and telegraph wires went down said no trace had been found of the farm home of Ben Bernman, living near Lexington, and nothing had developed to prove whether or not Bernman, his wife and three children had been killed in the tornado.

A dispatch to the Associated Press from Lexington dated last night said that Bernman's home had been carried away in a storm and that all members of the family were believed to have been in the building at the time.

The last definite word from Lexington told of considerable property damage, but with farm telephone lines down no estimate was possible. The farm buildings of Henry Westmeyer, east Lexington, were demolished and family escaped injury by taking refuge in a cave. Near Lexington, buildings were carried away and several persons were reported injured.

Vanoss Man Released From County Jail on Habeas Corpus Plea

"Bug" Pinley, Vanoss, was released from the county jail on bond yesterday following the filing by his attorneys of a habeas corpus action demanding that Pinley, who was arrested on a charge of assault and battery, be brought up for hearing on or before Saturday, May 27, at 10 a. m.

Pinley was being held on commitment from the court of Justice of the Peace Turner of Vanoss. The habeas corpus petition declared that it was on record "erroneously" that Pinley had entered a plea of guilty to the charge. He denied any connection and demanded a trial. His preliminary has been set for May 27. The habeas corpus service was acknowledged by Sheriff Bob Duncanson and was approved by Acting County Attorney Hugh P. Mathis.

Daylight saving in Mexico City has effected a great saving in electric power.

INTRODUCING 1922 Graduate OF ADA HIGH

Louise Meaders.
Miss Louise Meaders, daughter of Mr. and Mrs. S. W. Meaders of 521 South Broadway, will graduate at Ada high school next week. She is completing four years of work at the local school.

Miss Meaders is a member of the glee club and dramatic club and is accompanist for the boys' quartet. She is planning to teach after attending East Central college, or completing a course at Oklahoma College for women.

Jimmie J. McCoy.
Jimmie McCoy, son of J. D. McCoy, 616 West Fourteenth street, better known among his classmates as "Midget", will be a member of the half hundred in the Ada high school graduating class this year. He has attended Ada high three years.

Quarterback of the football team one year, a member of the band three years, orchestra one year, and the baseball team three years, Jimmie is completing an active high school career. He is planning to become a musician or athletic director. He expects to enter East Central college.

HAMBONE'S MEDITATIONS

Generally fair tonight except local showers in south and northeast portions, colder and probably frost in northwest portion; Friday generally fair.

SMALL'S TRIAL UNDER HEADWAY

Prosecuting Attorney Outlines States Case; Conspiracy Is Charged.

(By the Associated Press)
WAUKEGAN, May 11.—Governor Small's trial on charges of conspiracy to embezzle state funds got under way this morning when C. Fred Mortimer states attorney of Sangamon county, began his opening address for the prosecution.

Less than 50 spectators were in the court room for the opening scene. The governor was attended by his son and daughter-in-law, Mr. and Mrs. Leslie Small. It was reported this morning that Harry Lehrs, first assistant state's attorney, who held that position under Governor Small and Lieut. Fred Sterling, will be the state's first witness.

Mr. Mortimer told the jury the indictment charged the governor with conspiracy to cheat and defraud the state of Illinois out of a large sum of money, amounting to between \$1,500,000 and \$2,000,000.

The states attorney explained the state's theory of alleged conspiracy, linking the governor, Lieut. Governor Sterling and Vernon Curtis, Grant Park banker.

Mr. Mortimer traced the alleged conspiracy through the Small and Sterling terms in the treasury office, and until information leading to the indictments were placed before Attorney General Brande early last year.

FRENCH PROTEST NEW AMERICAN TARIFF RATES

PARIS, May 11.—The Minister of commerce has received protests from various chambers of commerce throughout France against the new tariff schedule proposed by the finance committee of the United States senate.

The industries of Limoges, where porcelain and gloves are manufactured, are particularly alarmed. They have informed the minister that the new tariffs are prohibitive, and that they will stop at once all exportations of their products to the United States, necessitating the laying off of a considerable number of workers.

MAYOR REQUESTS CITY TO RID ITS ALLEYS OF TRASH

Ada must clean up her allies, rid her back yards of cans and trash, and brighten up her appearance to welcome summer.

This decree was issued this morning by Mayor W. H. Fisher on the heels of an announcement that city scavengers were ready to go through all back lanes and collect cans and other refuse that is marring the city's beauty and endangering its health.

"I wish to request all families to place their cans and other trash into barrels or sacks at once and put them in the alley," the mayor said. "Spring rains are making this necessary. Water, if allowed to accumulate and stand in old cans and buckets in the allies, will breed mosquitoes and create a menace to public health. A little co-operation on the part of everybody will put the entire city in first class shape within a few days."

ADA LEADS IN FIFTH INNING

8 to 2 in Favor of the Local Team in Game With Kingfisher.

Kingfisher, champions of western Oklahoma arrived in the city last night. Weather was threatening this morning, but after being delayed some time, Old Sol beamed again on the college field, making it possible for the two teams to clash.

The second game was to start immediately following the opener. One of the largest crowds ever to witness a college ball game had gathered to see the double header. The outcome of the final game will practically decide the state championship.

Batteries: Kingfisher College, Fryer and Martin; Ada, Waner and Clary.

First Inning.
Kingfisher—Rupe was retired on three strikes; Hale popped out to Waner; Marcell whiffed. No runs, no hits, no errors.
Ada—Burkhart singled over second; Montgomery forced Burkhardt at second on bunt, Fryer to Rupe; Miller forced Montgomery at second, Marcell to Rupe; Waner walked, Miller going to second; Tinkle doubled, scoring Miller; Waner going to third; Waner scores on Martin's error; Morrison walked; Morrison stole second; Clary walked; Williams was safe on error by Darling, scoring Tinkle and Morrison; Vernon was out, Fryer to Darling. Four runs, two hits, two errors.

Second Inning.
Kingfisher—Clevenger was retired on three strikes; Darling was out, Waner to Morrison; King was out, Montgomery to Morrison. No runs, no hits, no errors.

Ada—Clevenger pitching, Fryar going to centerfield—Burkhart walked; Burkhardt caught off first, Clevenger to Darling; Montgomery was out, Clevenger to Darling; Miller was out, Rupe to Darling. No runs, no hits, no errors.

Third Inning.
Kingfisher—Shifflet fanned; Martin ditto; Fryer took first on error by Miller; Rupe was out, Montgomery to Morrison. No runs, no hits, no errors.

Ada—Waner singled; Tinkle struck out; Waner took second and third on errors by Darling; Morrison fanned; Clary fanned. No runs, one hit, two errors.

Fourth Inning.
Kingfisher—Hale struck out; Marcell flew out to Burkhardt; Clevenger singled; Clevenger took second on wild throw; Darling was out, Waner to Morrison. No runs, one hit, no errors.

Ada—Williams fanned; Vernon flew out to Shifflet; Burkhardt singled; Harrison singled, Burkhardt taking second; Waner doubled, scoring Burkhardt; and Miller; Tinkle singled, scoring Waner; Tinkle stole second, and took third on error by Rupe; Morrison walked; Clary was out, Clevenger to Darling. Four runs, five hits, two errors.

Fifth Inning.
Kingfisher—King walked; Shifflet took first on Tinkle's error, King taking second; Martin goes to first on error by Morrison; Fryer fanned; King scores after being hit by ball; Rupe goes to first on error by Tinkle; scoring Shifflet; Hale struck out; Marcell flew out to Evans. Two runs, no hits, three errors.

Ada—Beavers took first on error by Rupe; Evans forced Beavers, Clevenger to Rupe; Burkhardt forced Evans, Hale to Rupe; Harrison forced Burkhardt, Clevenger to Rupe. No runs, no hits, one error.

TWO MEN POINTED OUT AS SUSPECTS IN ANARCHY WAR

Eye Witnesses Identify Men Who Slew Police Early Wednesday.

OPEN SEASON MADE

Chief Battles "Hoodlums" And Ex-Convicts With Their Own Tactics.

(By the Associated Press)
CHICAGO, May 11.—Declaring that he agreed with the state's attorney that Chicago is in a state of warfare, Judge Scanlon today refused a writ of habeas corpus in the cases of Cornelius Shea and John Lafferty, labor leaders, held in connection with the rioting and bombing operations in which two policemen lost their lives. He said he would hold them until Saturday at least.

George Gorman, assistant state's attorney, in opposing the issuance of the writs, declared "Chicago is in a state of warfare and the release of these men would mean a renewal of the bombings and shooting and murder of policemen."

Judge Scanlon interrupted to say that he agreed with Mr. Gorman.

Judge Joseph Davis in effect refused writs of habeas corpus for "Big Tim" Sullivan and Fred Meyer, the latter an ex-convict, head of the building trades union.

CHICAGO, May 11.—The jails were crowded today with labor leaders and others held in connection with the murder of two policemen and the bombing of two buildings here yesterday, which police attribute to labor disorders. Two men have been pointed out as resembling the men in automobiles from which shots were fired killing Terrence Lyons, acting lieutenant. Rewards totaling \$15,000 have been offered for the arrest of the slayers.

More than 100 labor leaders, including "Big" Tim Murphy, Cornelius Shea and Fred Mader, president of the Builders Trade Council, are among those under arrest. Raids on local headquarters brought in labor bosses by the score yesterday. The two parties identified as the slayers are, police say, Isadore Braverman, 28, and Max Glass, 33.

Braverman is said to have fired the shots from an automobile when Lieut. Lyons was killed and he was pointed out by James A. McLeelan and Fred Blank, patrolmen who were with Lyons when he was shot to death, and Albert Moeller, patrolman, who was seriously injured.

Braverman's family has advanced an alibi for him. Glass, who is a member of the Glazier Ice Union, was arrested in a raid on union headquarters and was pointed out by a man who said he was an eye witness, as the slayer of Patrolman Thomas, 30, who was on guard at one of the buildings which had been attacked.

Another Under Bond.
James Lafferty, a third suspect, has been under heavy bond in connection with a mail robbery.

Charles Fitzmorris, chief of police, says he believes the men were only hirelings of "higher up officers in organized labor circles" putting into action a conspiracy to overthrow the citizens committee for enforcement of the Landis wage award which was intended to settle disputes between members of the Builders Trade Council and labor unions.

"The slaughter of the two policemen is an inevitable result of tactics employed by Fred Mader, Tim Murphy and Cornelius Shea and other hoodlums and ex-convicts who have gone about posing as labor leaders," Chief Fitzmorris said. "Now that they want the police department to have ordered the round up of all hoodlums and will have them placed under lock and key."

BIBLE THOUGHT OF TODAY

JESUS SAID: Blessed are the pure in heart; for they shall see God.—Matt. 5:8.

THE FOLLY OF IT.

Ever since Adam and Eve were the only inhabitants of the earth, man has been searching for happiness. Adam thought the knowledge of the forbidden fruit would give it. Since his time a thousand and one ways have been used to find this state of mind. The poor believe the rich possess happiness. The rich believe the poor possess it—sometimes. The hardworking farmer lad imagines that when he gets a good position in the city, he will have found it. The city boy imagines when he can get a farm and raise fine stock, he will have found it.

Happiness to most people, however, means the possession of an abundance of wealth, a condition which does not cause worry about the proverbial wolf at the door.

We stood a few days ago in the front window of one of the Ada banks and watched the passersby. One man, who we know possesses more than the average portion of this world's goods, carried an expression of worry. We knew his finances are in better condition than that of many of us, and his family life is all that most men desire. He is bent on accumulating more wealth and thus the worry.

A woman passed, dressed in fine attire. He silks and satins were beautiful to behold. But that worried look in her eyes told that all was not well. Somewhere there was some thing of some person that was destroying her happiness.

A lad in his teens with his father was well dressed. He can drive a car when he wishes. He has the best of food and the best of clothes. But something had gone wrong, and he was irritable and peevish. His disposition seems to be anything but kind and considerate.

A minute later we noticed a boy apparently twelve or thirteen years of age, a farmer lad, we take it. His coat was torn and tattered. His trousers had been patched until they would not endure more patching. His feet were bare. But happy! It has been many a day since we have seen a more cheerful, a brighter and more contented appearing face. There was happiness.

What makes the difference between individuals? What makes happiness? It is evident wealth does not create it, much as it may assist and as much as it is to be desired. It is not good clothes, as much as they are to be desired. Happiness is a state of mind. It is from within and not from without. The person who can be happy with wealth can be happy without it.

This does not mean that people should not be ambitious even when ambition takes the course of accumulating property. Ambition is necessary. It is ambition that has developed the resources of this country. It is ambition which has built cities and states and countries. The individual in society owes it to himself and to his community to work and develop the hidden resources, but if he expects money and property to produce happiness he is chasing the end of the rainbow which will fade forever and forever from his view.

PAINLESS TAXATION

When a man does not know he has been robbed or cheated everything is serene, but when he is openly held up matters take on a different aspect. Similarly in the matter of taxation. When a man has to dig up the money and pay his taxes directly it hurts. By means of a protective tariff it is extracted from his pockets painlessly and he does not know the difference, unless there is a sudden boost in prices of things he needs in everyday life. Even then he get used to it in time and the tariff gets in its work in good shape with the Eastern manufacturers getting the benefit.

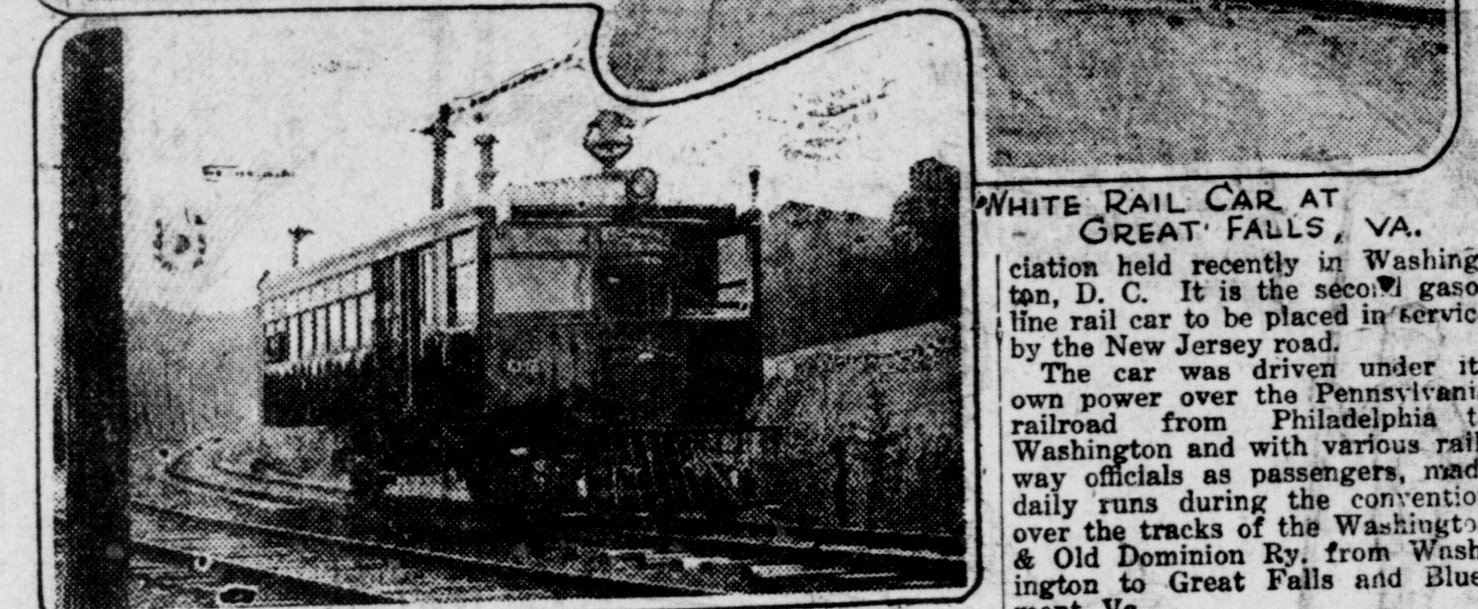

Not many people can stand praise; it goes to their heads and causes acute swelling, thereby destroying the usefulness of its owner. Only a few are so well balanced that a little praise impresses them with the big idea that they must keep on hustling in order to meet the expectations of their friends. In other words, praise can be either a narcotic or a stimulant spurring one to greater activity, but more often than otherwise its acts as a narcotic.

Former Senator Gore is reported to be under the care of a specialist who thinks there is a possibility of restoring the sight in one eye. All hope the specialist will succeed. The senator has fought a hard battle all his life and is a good example of a man who had the grit to keep at it and win out in spite of his handicap.

The Wall Street Journal says the Republican majority in congress is too large for the good of the country. It expresses the hope that about half the present bunch may be defeated in the coming elections, saying that such an event would not cause the slightest flutter in the stock market. Oklahoma can be relied on to do its share in retiring its quota.

Miss Alice Robertson, representative from Oklahoma, accuses the League of Women Voters of trying to bully her. But Alice resolutely refuses to be cowed. Norfolk, Neb., News.

GASOLINE RAIL CARS TO SAVE RAILROADS MONEY; LATEST TYPE IS SHOWN AT RAILWAY CONVENTION

Railroad officials have become much interested in late in the gasoline-propelled type of railway car. A number of short line railroads have been operating passenger cars of this type successfully for several years but it is only recently that the gasoline rail coach has come to attract wide attention on the part of railroad men, not only operators of short line railways, but officials of the country's largest transportation systems. The rail car makes its greatest appeal as the result of its simplicity and operating economy. The latest and most improved type of gasoline rail car is shown in the accompanying illustration. The car, which is owned by the Union Transportation Company, of New Egypt, N. J., was the feature exhibit at the convention of the American Shortline Railroad association held recently in Washington, D. C. It is the second gasoline rail car to be placed in service by the New Jersey road. The car was driven under its own power over the Pennsylvania railroad from Philadelphia to Washington and with various railway officials as passengers, made daily runs during the convention over the tracks of the Washington & Old Dominion Ry. from Washington to Great Falls and Bluemont, Va. The car has a seating capacity of 41 and a baggage compartment directly in the rear of the driver who controls the car from the right-hand side. The body which is of semi-steel construction is mounted on a new rail car chassis, built by The White Company, truck manufacturers, Cleveland, Ohio. There is a four-wheel pivoting truck in front and two wheels in rear. It is governed to a speed of 33 miles per hour.

The Forum of the Press

Too Fat?

(Tulsa Tribune)

If you are a man of 50 years and you weigh 50 pounds too much, your chance of living to be 100 is only half as great as it ought to be. So says New York's health commissioner, Dr. R. S. Copeland.

"I know absolutely how to live to be 100 years old, and I don't practice what I know. There are in this country 3,500 men and women past 100 years of age, and there is no reason why the average man should not attain the century mark."

The great trouble with most people is what Dr. Copeland confesses—they don't practice what they know. Surely there cannot be a large proportion left who have not yet heard the gospel of fresh air, sound sleep, exercise and wholesome food in proper proportions. A great many of them, in fact, do not want to practice what they know. They prefer the present pleasure or the present indolence to the more or less shadowy future, with its very uncertain benefit of living to be 100.

More and more people every year find out, however, that the present pleasure is greatly enhanced by good health, that present indolence is far less enjoyable than present exercise followed by well-earned rest. The excess baggage which is a product of lazy living and uncontrolled appetites is of no good to the carrier or to anyone else. When the pounds and puffs have given way to leanness and power, when the will and character have been strengthened by the effort, then life begins to be worth living again. And whether it continues to 100 is a minor detail, not because today is bad, as it used to be, but because today is good.

Seizing Opportunities.

(McAlester News-Capital)

James A. Patten, wheat king, although 73 years old is always on time at his office, we are told. There is something more than a mere good example in the conduct of these captains of industry and finance who lecture younger and more unsuccessful men on the requirements exacted by success.

This matter of seizing opportunity, of being punctual at the office, of caring for the numberless little things, is more vital than we realize. These men who are on the crest of success are not speaking idle homilies when they advise young men and women to be careful and attentive to detail.

There are some men who may ride in a glorious free-booting spirit over everything. They may pay no more attention to detail. Oklahoma has seen many of them. The history of the oil game is replete with stories of their plunging. Yet there are few of them that long survive. They rise to a time but when the pinch comes for their industry they go down before men who are more careful of detail, of smaller things.

There is compensation in life for diligence. It seldom goes unrewarded. If a man believes that his diligence is unrewarded he should make a searching examination of himself for something is not in his makeup that should be there. If a man works hard and faithfully and success fails to crown his efforts he should examine himself. At some point in his character there is a fatal deficiency.

Man is as strong as his will, no stronger. And the will is stronger than any other force that is mortal. Indeed the will may be said to be a strength derived from something more than mortal source. Properly directed it can change anything.

Archimedes said: "Give me a place to stand and I will move the world." Let us all seek our proper standing place.

Too Much Money.

(Muskogee Phoenix)

Few things, we know, are worse for a man than too much money. It falsifies judgments, it breaks down reticences, and it creates habit and methods of life which are at war with life as it ought to be lived. It is just the same with a country.

The United States is suffering from too much money; and, over and above and worse than that, from too much credit. We possess an enormous gold supply. It is the envy of the world. It makes us arbiters of the financial destiny of the world. It rules the exchanges of the world. While the relation between the currencies of wildcat nations like Germany and Austria and Russia are thrown out of gear by their lack of gold and enormous issues of worthless paper, there is the other side of the shield. Part of the disorganization is due also to our excess of the precious metal. The evil contrast between the very rich and the very poor which occupies so prominent a place in the sociology of the day has its place also in the story of international relations.

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

State Offices
FOR DISTRICT JUDGE:
WAYNE WADLINGTON
D. W. HUFFAR
ARDEN L. BULLOCK

For County Commissioner:
(District No. 3)
J. W. HIGBEE

For County Commissioner, District No. 1:
H. CLAY STEPHENS

IRON HAND RULE OF PRISON ONLY MAKES CONVICTS

JOLIET, Ill., May 9.—An iron hand and mere confinement "make" convicts and no more; a progressive scale of privileges and freedom within a prison makes men," according to John L. Whitman, superintendent of Illinois prisons, under whose supervision the new state penitentiary at Joliet, near here, is being constructed. The architecture of the building is designed to facilitate application of the "Illinois idea" or progressive merit system. Prisoners will be grouped according to their grade of advancement under the system, and each

group will be assigned to one of the eight cellhouses, the second of which will be completed and in use within a few days. Prisoners will move from cellhouse to cellhouse with their advancement in grade. The plan provides that prisoners may pass through the following stages; confinement under strict prison discipline; increasing opportunity to merit more confidence on the part of the prison authorities; positions of trust within prison walls; life in cottages outside the prison but under the supervision of prison authorities; parole; freedom. The system is an outgrowth of psychological study of convicts which was conducted by Superintendent Whitman, the late Warden Everett J. Murphy, and a staff of experts during the last twenty years.

THE UNIVERSAL CAR

And remember—the lowest first cost, the lowest upkeep and the highest resale value of any motor car ever built.

\$645

Unequaled in Value

VOGUE FOR LACE
IS MARKED IN
NEWEST FROCKS

The vogue for lace is distinctly
expressed in this lovely gown for
summer. Orchid georgette makes
the plain, gathered skirt. All-over
cream lace makes the blouse which
boasts sleeves a yard long. Note
the oriental girdle.

RAILROAD MAIL
CLERKS OBJECT
TO BABY CHICK

Postoffice employees have become
chicken fans.
Nights when their work is done
they pour over books on poultry
raising. The question that has assil-
ed them is this: How can you keep
a day-old chick alive for at least
three days? Not two days, nor two
days and a half, but three days.
Three days is a long time in the
life of a spring chicken.
From the office of the second
assistant postmaster general in
Washington comes the report that
complaints have been coming in the
sudden termination of the earthly
sojourn of one-day-old chickens
shipped in the mails. Now postoffice
employees have minute instructions
on the anatomy of chicks—young
and old. It seems that chickens
demand treatment that positively
has technique about it. One-day
chickens, the order says, should not
be fed en route, should not be
placed near hot pipes or stoves,
should not be roughly handled,
should not be turned bottoms up,
should not be placed in a draft.
A railway mail clerk on a train
that pulled in last night seriously
said: "It'd be sight easier to take
care of real babies instead of chick-
ens. A day-old baby has more intel-
ligence than a chicken that's voting
age. I thought I was a railway mail
clerk. Now they've got me nursing
chickens."

Obituary
F. M. Hale, proprietor of the
Union Hotel on South Stockton
avenue, died this morning follow-
ing an illness of several days. Fun-
eral services will be held Friday
with Rev. J. H. Ball in charge, and
interment will take place in Rose-
dale. W. W. Hale of Denison, Tex.,
F. M. Hale of Chickasha, his sons,
and Mrs. Annie Cragle of Roff, his
daughter, are here to attend the
funeral.

Farmers' Column
By Byron Norrell

Some complaint is heard about
the depredations of insects on young
cucumbers, melons and squashes.
The unfavorable weather has held
the plants back and given the in-
sects a good chance. Prof. Sanborn
of the A. & M. recommends spray-
ing or dusting plants with arseni-
cal poison or insect powders to get
rid of striped and spotted beetles
and black leaf 40 or insect powder
for lice. The arsenical poisons refer-
red to are arsenate of lead, calcium
arsenate and paris green. When used
as a dust 1 pound of lead arse-
nate, three-fourths of a pound of
calcium arsenate or a quarter pound
of paris green is mixed with 7
pounds of air-slaked lime and ap-
plied early in the morning while the
dew is still on the plants. A cheese
cloth sack is convenient for apply-
ing it. If a liquid spray is prefer-
ed a half pound of lead arsenate,
three-eighths of a pound of calcium
arsenate or 2 ounces of paris green
should be mixed with 12 gallons of
water into which a pound of fresh-
ly slaked lime has been strained.
It can be applied either with an or-
dinary flower sprinkler or with a
spray pump.
The black leaf 40, or nicotine sul-
phate, is made ready for use by mix-
ing 2 teaspoonfuls of the poison
with 1 gallon of soapy water. It
should be applied with a spray pump
and special care given to applying
it to the under side of the plants
where the sucking insects usually
work.
The above poisons may be used
with other plants such as Irish po-
tatoes and tomatoes, always remem-
bering that the arsenic gets the
best results among chewing insects
and the nicotine with the sucking
insects, such as lice.
Another highly recommended col-
lution is kerosene emulsion, but this
must be made up with great atten-
tion and care taken that all the oil
is absorbed in the mixture or it
will kill the plants. It is made by
shaving half a bar of laundry soap
into a gallon of boiling rain water
and then adding 2 gallons of kero-
sene and stirring until it is thor-
oughly mixed. Buttermilk or sour
milk may be used instead of the
water. When needed for use a por-
tion of the mixture should be furth-
er diluted with five times its vol-
ume of water.

IN THE OIL FIELDS
W. H. Abernathy Here.
W. H. Abernathy, whom many
will remember as one of the oil op-
erators here last summer, is in the
city for the day from his home at
Paducah, Texas. He attended the
wedding at Wichita Falls, Texas,
Wednesday of his daughter Miss
Maidette to Charles Phillips, vice
president of the First National
bank of Paducah.
Mr. Abernathy is now receiver for
the Farmers and Merchants Bank of
Paducah, a failed institution. He has
not disposed of his interest here and
hopes to see the oil fields develop.

NO CROOKEDNESS
IN GOVERNMENT
PRINTING PLANT
(By the Associated Press)
WASHINGTON, May 11.—The re-
port of the special committee which
made an investigation of the bureau
of engraving and printing is under-
stood to be a complete vindication
of officials involved. The report
states that fifty sheets of paper
used in printing bonds was missing.
Since this discrepancy has taken place
during the past four years and is
not confined to any one section of
the institution, the officials held it
proves that the charge that millions
of duplicate bonds and other sec-
urities have been issued illegally.

America Benefitted
By Navy Agreement
Roosevelt Declares
(By the Associated Press)
BALTIMORE, May 11.—America
secured a navy second to none and
at the same time saved millions of
dollars as a result of the naval
treaty adopted at the Washington
conference, Theodore Roosevelt, as-
sistant secretary of the navy, de-
clared in a speech last night.
"If the treaty had not been adopt-
ed and the nations participating in
the agreement had carried out their
naval building program," Mr. Roose-
velt said, "the ratio between the
powers would have been: England
106, United States 100, Japan 87."

Gov. Cooper Named.
WASHINGTON, May 11.—Select-
ion of Gov. Robert A. Cooper of
South Carolina to fill the vacancy
made by the resignation of Asbury
F. Lever is understood to have
been made by President Harding.
The nomination of Governor Coop-
er is expected to be sent to the
Senate shortly. The president's
nominee, a democrat, who will suc-
ceed as provided by law the posi-
tion vacated by a democrat, is ser-
ving a second term as governor
of South Carolina.

GOOD SOAP FOR LESS
THAN TWO CENTS A POUND
Make It At Home By This
Easy Process—Takes Less
Than 30 Minutes.
Nowadays, more and more women
are doing as their mothers did and are
making their own soap. If you have
never tried it, you will be surprised to
see how easy it is to make good soap,
soft soap, hard soap or floating soap,
just by using kitchen scraps and waste
grease together with a can of Merry
War Lye, the safe and sure soapmaker.
In the old days when soap was made
all day to make a kettle of soap. Now
it is hardly any work at all—requires
no boiling—takes less than 30 minutes.
Saves you money and gives you all
the pure, clean soap you need for
kitchen, laundry and all household
purposes.
You will find simple directions for
soapmaking on the label of every can
of Merry War Lye—also many other
recipes such as how to make lye
hominny, how to soften water, how to
brighten cooking utensils, etc.
Merry War Powdered Lye is also a
wonderful cleaner and purifier for use
about the home, barn, chicken house
and outhouses. Comes in a convenient
can with revolving sifting top that can-
not come off, cannot get lost, recloses
tightly and preserves contents. It is
economical to buy and easy to use.
Ask your dealer for Merry War Lye
—be sure you get "Merry War"—the
lye that has made good for 33 years.

MERRY WAR LYE

Oil Production For
Past Week Declines
U. S. Reports Show
NEW YORK, May 11.—The
daily average of crude oil production
of the United States decreased 4,250
barrels, totaling 1,470,250 barrels
for the week ending May 6, compar-
ed with 1,411,700 for the previous
week, according to the weekly sum-
mary of the American Petroleum
Institute.
Oklahoma and Kansas had a daily
average gross production of 255,
250 barrels, a decrease of 900 bar-
rels. In Oklahoma, the production
of the Osage nation was 100,000
barrels against 96,000 for the pre-
ceding week, and the output of the
Lyons-Quinn pool was 42,800
against 28,050 barrels.
BANK CLOSED; OFFICIALS
CHARGED WITH FORGERY
MOBERLY, Mo., May 11.—The
Farmers and Merchants bank of this
place was closed today by the state
bank examiner. The president and
cashier were arrested on charge
of forging a note for \$5,400.

Oklahoma City To Face Fourth Flood
Weather Man Avers

OKLAHOMA CITY, May 10.—For the fourth time this spring Oklahoma City is to experience flood waters from the North Canadian river, it was announced today by the United States weather bureau. As a result of heavy rains in the western part of the state, the river is rising rapidly. The gauge stood at 9.4 feet

at Oklahoma City this morning and 5.1 feet at El Reno. The reading at El Reno indicated, bureau officials said, that the river will reach between 11 and 12 feet at Oklahoma City by Friday, which will put lowlands under water and will flood streets adjacent to the stream.

Freight traffic continues slightly ahead of a year ago, though coal shipments lag. Bituminous coal normally makes up 30 per cent of freight tonnage. Number of idle freight cars April 16 was 449,513.

Famous Beauty Regains Health and Strength through Ironized Yeast

"A Wonderful Help in Keeping My Figure Perfect" Says Beautiful Elsie La Bergere

"It was by purest accident that I picked up a package of Ironized Yeast just as I was about to give up the struggle for a long needed rest. The results that it brought in me proved that it was just what I needed. For today I actually feel like a new born woman!"

Such is the amazing statement of Elsie La Bergere, known to vaudeville lovers all over the continent for the beauty of her figure. "My stage work," continued Miss La Bergere, "put such a severe strain on my nervous system that every performance became a hardship. I lost my appetite, and always felt tired and worn-out. Then I discovered Ironized Yeast—and I really cannot give enough praise to it. I find it keeps me absolutely fit in every way, and that it is a great help in keeping the shape of my body in wonderful condition. Ironized Yeast has a permanent place of honor in my traveling bag."

How New Process Makes Yeast Doubly Effective

The reason IRONIZED YEAST brings such remarkable results is because it embodies a new scientific process which enables yeast to bring its great benefits often in just half the usual time. Yeast alone is good, but tests show that it needs some other agent in order to quickly convert its wonderful health-building elements into firm tissue, rosy cheeks and sparkling vitality.

Everyone knows that iron is of great value in converting our food into living cells and tissue. So working on this problem, our scientists finally discovered the wonderful process of ironization—the process through which the combination of yeast and iron becomes doubly effective. Do not think, however, that any combination of yeast and iron will do. Yeast brings its best and quickest results only when it is treated through the scientific process of ironization. And this process is embodied only in IRONIZED YEAST, the one scientifically correct yeast treatment.

Money Back Guarantee

If you need more flesh—if you are pale, lackluster, or if your complexion is marred by humiliating skin eruptions—try IRONIZED YEAST at once. NEWS NOTES FROM MOVIE LAND

Cartoonist's first impressions of the west coast film players.

True to his promise, Probascio has sent this group of sketches from Los Angeles. He has also sent some very personal remarks about the subjects of his sketches, a few, a very few, of which may be whispered broadcast. For instance, he will permit anyone, perhaps even advise him, to go onto the housetop and megaphone to the world that Gloria Swanson is a "very glorious Gloria." Of course, he may have been perjured because Miss Swanson took time out from a very busy day to pose for him. In fact she was just about to leave for her first European trip.

Walter Hiers, who is the new "fat" man to play comedy leads, and whose swan-like neck is shown above, was found to be a jovial, good-natured fellow who is a baseball fiend.

Theodore Roberts, "the grand old man of the films," has been in California for nine years and has just about forgotten that he isn't a native. He takes a rather proprietary pride in the vast improvement made in pictures during that time and confesses that "Miss Lulu Bett" was one of his favorite pictures.

Lila Lee is an attractive girl, taller than she looks in pictures, and with some school-girlish freckles. She looks like the kind of girl "who lives next door," but as the wife in "Blood and Sand" opposite

EUROPE HOLDING VAST POTENTIAL TRADE DEMANDS

PHILADELPHIA.—There are in Europe vast potential demands for all kinds of American products and vast potential means for the creation of wealth and consequently of purchasing power and capacity. Charles M. Muchnic, vice-president of the American Locomotive Sales corporation, told the delegates to the Foreign Trade convention here. Mr. Muchnic has just returned from a trip to Europe.

"What is required," he continued, "is faith and confidence in them and the supply of the necessary capital to hasten their general industrial revival. Before the world can again become a large purchaser of our manufactured products, we must see a Europe prosperous, busy, producing; the sale of our manufactured products to Europe will follow the sale of our foodstuffs, copper, cotton and other semi-manufactured products."

"European prosperity will spell also prosperity for this country. The present depression in our export trade is not due to German, Austrian, Belgian, French or British competition but to a world lack of purchasing power."

In speaking of Germany, Mr. Muchnic said: "The real cause of currency depreciation there is not due solely, as is generally believed in this country, to reparation payments exacted by the Allies but to false economic measures and theories indulged in by the German government ever since the termination of the war; its failure to impose adequate taxes immediately after the armistice and to collect such taxes after imposed; to a criminal dissipation of its national wealth through the maintenance of a fictitious value of the mark within their country. This applies with equal force to Austria and other Central European countries."

Public May Assist In Putting Flowers On American Graves

Citizens of Ada will be given a chance to contribute to the fund now being raised for the purpose of decorating graves of American soldiers buried in France, in accordance with an invitation extended today by Norman Howard post of the American Legion through Mayo E. McKeown, post adjutant.

Every legion post in the country will pay out from its treasury five cents for each member enrolled. This will constitute the organization's contribution to the fund. In addition to this, special appeals are being issued by the former service men to all who are interested in perpetuating the memory of America's heroes to contribute some amount, however small, toward the fund.

Local contributions should be made to Adjutant McKeown as soon as possible in order that they might be forwarded with the legion's donation.

The present year marks the forty-fifth anniversary of Edison's invention of the phonograph.

Graduation Days

American Corn, Seed and Medical Supplies Saving Millions of Lives and Bringing Hope to Russians

With seed for planting, grain to meet present food needs and medical and hospital supplies pouring into Russia, the march of death, famine and disease

has been checked through the work of the American Relief Administration and allied agencies. More than 2,000,000 youngsters owe their lives to American food, and 5,000,000 adults are receiving relief as a result of the \$20,000,000 appropriation made by Congress for corn and seed grain. Millions more find relief through the gift by Congress of \$4,000,000 in surplus government medical and hospital supplies and by the American Red Cross of \$3,000,000 in similar supplies to the American Relief Administration.

The picture above shows the loading of seed corn from the Middle West onto ships at Weehawken, N. J. under the direction of Don Livingston of the U. S. Farm Bureau and State Agricultural Commissioner of South Dakota. Mr. Livingston is the central figure in the picture.

Col. William Haskell, director for Russia of the American Relief Administration, in a report to Herbert Hoover, chairman of the A. R. A., says that American supplies and determination are bringing life and hope to literally millions of Russian people.

The physical limits of rail transportation under present conditions constitute the gravest problem of the task. Russian railways were never of the first order, and at present their condition is extremely bad. There has been food on hand at the ports over and above the ability of the Soviets to move it in, from the arrival of the first ship to date.

FRANCIS

Mrs. W. H. Francis, who has been very sick for several days, has been sent to the hospital at Sherman, Texas.

Someone has mistreated Dan Cupid and he has revenged himself, by the use of the fatal arrow upon Joe, Wade and Cora Finley. Rev. Jacob Henson officiating.

The students of the Francis High school are using all their time to great advantage, which is proving that they have the pep and ability to withstand the grueling test of the critical and most arduous period of school, the final examinations.

officers say "with the usual good co-operation of the citizens the fair will be better this year."

Joe Clemons has accepted a position with the Frisco R. R. Co. at Tulsa. His work will be in a machine shop.

Commencement exercises for the seniors and eighth grade will be held at the high school auditorium Friday evening, May 2, Prof. A. L. Fentem officiating.

Mrs. A. J. Willingham of Ardmore is visiting here with relatives and friends.

Mrs. T. K. Treadwell is visiting with her father an dmother at Roff this week-end.

Mrs. Edward L. Battelle has been sent to the hospital at Sherman, Texas to undergo an operation.

A B. Y. P. U. social was held at the home of Rev. R. A. Hutson last evening in honor of Neva Wright. Miss Wright is a teacher here in the Francis high school and has been an active member, and also president of the B. Y. P. U. for the past nine months. Since school is out Miss Wright will be leaving right away. The party was very successful and all enjoyed themselves immensely. Miss Wright was presented a beautiful fountain pen.

A good number of our high school students will attend the Normal at Ada this summer. They all say the E. C. S. T. C. under the present management is best of all.

Friday will be senior day at the

LODGES

Ada Chapter No. 78 O. E. S. meets second and fourth Thursday nights in each month.—Jewel Rowzee, W. M.; Margaret Peay, Sec'y.

MAY FESTIVAL IS RATED BEST EVER

Weather Man Gives College
Brief Interval of Bright
Sunshine for Fete.

The immense crowd of spectators who gathered on the campus of East Central college last evening to witness the annual May Day Fete was not disappointed, even though weather conditions had repeatedly been unfavorable. It was, in opinion of observers, the best May Day event in the history of the school.

Ada high school band furnished music and the opening number, Gilbert's interpretative dance, was greeted by an enthusiastic gathering of patrons and friends of the school. Each event was carried out as scheduled.

Miss Anna Louise Shaw, as May Queen, was crowned while the rays of the sun, in an effort to break through the cloud veil, brightened the campus at intervals. Sam Little, as Robin Hood, placed the crown on her head, accepting it from the little crown bearer, Ashton Norris.

Entering at the east end of the arena, the Lords and Ladies escorting the Queen and Robin Hood, marched to a point directly in front of the throne, and formed an arch with green boughs through which the Queen marched. She was seated on her throne by Robin Hood, after which the attendants took their places on the seats near the Queen's position.

After the crowning of the queen, dances of the nations were given. These included the Chalfi Dance by Roberta Allen, Irish Lilt, Espanita, Spanish dance; Chalfi Chinese dance by Katherine Grigith, and Pauline Knotts; Highland Fling, Scotch dance; Re Jane, French dance; Kolo maika, Russian Cossack dance by Marian Levin; and Greek Chalfi dance by forty girls. The event was closed with the winding of the May Pole.

Others Assist

Miss Anna Weaver Jones was assisted by Miss Ida Hoover, with costumes, and Hugh Norris, with the stage. Mrs. Johnnie Anderson Green played the piano accompaniment. The college orchestra and high school band furnished other music. Programs for the event were furnished the school free by the Model Clothing company.

Young ladies who participated in the event were:

Corrine Moore, Violet Knight, Fannie Henderson, Frances Case, Marguerite Brians, Clarine Roach, Birdie Newton, Marjorie Norris, Jala Quinn, Irene Walker, Lorene Neal, Daisy Cussenbury, Catherine House, AVerne Cottingham, Bertha Holmes, Fleta Dickerson, Juanita Davis, Grace Statler, Iva McCoy, Sybil Harwell, Velma Jordan, Beulah Jones, Nora Huggleston, Mildred McClure, Eva Hagar, Virginia Gaar, Lula Riddle, Grace Hyder, Velma Le Mount, Grace Harrison, Lillie Wasson, Pearl Lane, Georgia Weems, Louise Flex, Hattie Walby, Robert Allen, Bernice Burnett, Hattie Cowan, Molly Stewart, Minnie Cox, Viola Earnest, Allie Baugh, Katherine Griffith, Donna Bell Lee, Maddalene Yeargain, Elizabeth Clayton, Hazel Norris, Mae Burdick, Ruth Boggan, Nellie Kearns, Sammie Bentley, Luceta Burris, Ora Ewing, Callie Britt, Sylvia Caton, Ruth Mount, Flora Summers, Flossie Summers, Vivian Burris, Helen Moser, Katherine Taylor, Bula Hall, Viola West, Louise Barney, Bessie Hill, Thelma Roberts, Regina Bessie Parn, Martha, Lucie Chapman, Neva Neal, Faye Smith, Jimmie Loyd, Grace Bertram, Grace McKee, Thelma Jeffries, Bula Jabe, Elizabeth Hyden, Myrtle House, Aline Duke Thelma Waters, Maurine Harvey, Nadine Griffith, Laruth Cassidy, Myrtle Loman, Hazel Morse, Clara Hyden, Justine Bolton, Zuleka Burkhart.

Alamo Show Band to Appear in Concert At Ada Park Sunday

Through the courtesy of Manager Harry Waugh, the Greater Alamo show band, under the directorship of Capt Miller, considered one of America's foremost musical conductors, will render a concert at the City Park, Sunday afternoon at 4:30.

Interpolated with the musical numbers, Madame Marie Elsemann, the famed coloratura and prima donna, will sing selections from well known operas.

Following is the program:
1 March, the Washington Greys—Grafulla
2 Sernade Espanol, La Paloma—Yradier
3 Semourian Polka, solo for cornet—Strassburger
Prof. Thurman A. Oldfather of Kansas City, soloist
4 Andante and Valse concerto, pe-pa Chating—Araullo
5 The Mussetta from the La Bohem, Giacomo Puccini's most popular grand opera.
Madam Marie Elsemann, soloist
6 Mattha, selection from the Opera—Flotow
7 The sextette from Lucia—Donizetti
Sr. Ponscino Garcia, Thurman Oldfather, H. A. Stevens, Sig. Antonio Cuero, Victor Appellert and Sr. Cefino Perez, soloists
8 Patrol, the Blue and the Grey—Dalby

Madam Elsemann will sing the Star Spangled Banner with band, accompaniment and requests all to join with her in this rendition.

Oldest rocks known are said to be more than 1,500,000,000 years old.

NEW COLOMBIAN MINISTER TO U. S.

Dr. Enrique Olaya Herrera.

Colombia's new minister to the United States has arrived in Washington to assume his duties. He has served his country in several important posts including that of minister of foreign affairs.

ENTERTAINMENT FOR PRESS MEET NEAR COMPLETE

PONCA CITY, Okla., May 11.—Preparation for the convention of the Oklahoma Press association here May 12, 13 and 14 are practically complete according to members of the committee arranging details of the editors' meeting. Many features are to provide entertainment at the convention. Among them will be a concert by M. Schumann-Heink; a rodeo at the 101 ranch near here, a ball, a gridiron banquet and a trip through the Marland refinery. M. Schumann-Heink is to be here Friday evening in a concert arranged by the American legion. The inspection of the Marland refinery, which will be Friday afternoon, will be accompanied by a brief explanation of the process of making gasoline, kerosene, fuel oil, wax and other petroleum products. An automobile ride through Ponca City will precede the trip through the refinery. The annual ball will be given Friday night and the gridiron banquet will be Saturday night.

The entire day Sunday will be devoted to the rodeo at the ranch and the Miller brothers, its owners, have invited all editors and their wives to attend the exhibition of "broncho busting" steer roping and the other feats of the open range. Buffalo meat sandwiches are to be served.

Following the gridiron banquet, there will be a "mystery show," the nature of which is a well guarded secret of the local entertainment committee.

The convention will open with an address of welcome Friday by Judge William H. England. Leslie G. Niblack of Guthrie will respond. J. L. Newland, president of the association, will then address the convention. At 2 p. m. Dean Walter Williams of the School of Journalism, University of Missouri, will address the convention on "The Sever Lamps of Journalism."

The report of E. S. Bronson of El Reno, secretary, will be made Saturday. Reports from group presidents on "What the Group Associations Have Accomplished" will also be submitted by the various group heads. "Small Town Advertising" will be the subject of an address by W. E. Showen, Mayville, and W. F. Aiken of Vinita will talk on "Keeping the Country Correspondents on the Job."

At 10 o'clock Saturday morning there will be a reception at the home of E. W. Marland for visiting women. A trip through the oil fields near here will be made by the visitors Saturday afternoon.

A SMILE A DAY

Needed.

"I sometimes have doubts," said one of the elders as they set about counting the collection for the day. "I sometimes have doubts whether there is really a hell."

"You needn't," said the preacher. "There's got to be one."

And he pointed significantly at the suspender buttons and cent pieces in the offering.—Richmond Times-Dispatch.

Identified.

Hubby: A fool and his money are soon parted.
Wife (quickly): Oh, John, how much are you going to give me?—Boston Transcript.

The Chatter

The home brew had been brought out and disposed of, and now for two hours Blake and his friend had been expecting the worst.

"Shay, Bill?"

"Washer masher?"

"Th-they shay if you look 'em straight in the th-the eye, th-they won't bit you."—American Legion Weekly.

Careless Feet

Mother: Darling, you are never quiet a moment. Why do you race indoors and out and up and down stairs so?

Five-Year-Old: I just don't know mamma, 'less it 'cause my feet feel so light-hearted.—Boston Transcript.

Wireless industry continues its rapid development. Westinghouse now manufacturing 500 complete receiving sets a day, and expects to double its output by July. Lamp factories are being converted to make radio tubes, and the trade hopes to catch up with the tube demand by summer.

RUSSIA REPLIES TO DEMANDS

Suggests Further Negotiations on Finances After
Genoa Meet Adjourns.

(By the Associated Press)

GENOA, May 11.—Foreign Minister Tchitcherin of soviet Russia personally handed the Russian reply to the allied memorandum today to Foreign Minister Schanzer in the latter's room at the Pallazoa Reale. The only other person present was Francisco Giannini, the Italian financial expert.

A friendly conversation of 45 minutes followed, in which M. Tchitcherin stressed the fact that the answer had been prepared under direct instructions from Moscow. After the Russian foreign minister had left Signor Schanzer read the note's contents of fifteen pages.

The first half of the note is argumentative, but the second half was reported to be constructive, making proposals dealing with financial questions.

The note, it was stated, suggested the appointment of a new special committee by the conference to continue the negotiations after the close of the Genoa, meeting.

MRS. FOWLER OF POTEAU HEADS 4TH DIST. CLUBS

DAVIS, May 11.—(Special)—Mrs. H. J. Fowler of Poteau was re-elected president of Fourth district, Oklahoma Federation of Women's Clubs, at its fourth annual convention, which closed here Wednesday. Ardmore was chosen for the next convention city.

Other officers elected Wednesday were: Mrs. W. C. Bolling, Davis, vice-president; Mrs. G. O. Alvis, Ardmore, recording secretary; Mrs. W. A. Goforth, Hugo, treasurer; Mrs. W. F. Florence, Antlers, auditor, and Mrs. J. E. McCleary, Boswell, parliamentarian.

The convention opened here Monday with Mrs. Fowler presiding. More than 150 women were present for all the sessions.

CITY VIES WITH STATE'S LEADERS IN SCOUT WORK

During six months the Pontotoc County Boy Scout Council has been able to accomplish as much work among boys of the county as has any other county scout organization in the state, according to information compiled by Harry W. Miller, scout executive, today.

Eleven musical programs have been held at points over the county during the past six months, the report shows. These included band concerts and musical numbers by the glee club of Ada high school and Treble Clef Club of East Central college at Vanoss, Latta, Roff, Allen, Francis, Stonewall, Fitzhugh, Lawrence and other points.

The band is composed of boys who, with the exception of eight members, have been members, or are officials in the county scout organization. It is the best scout band in the state, according to those in a position to judge.

A father and son's banquet has been held every place in the county where there is a scout troop. There are eighteen troops in this county. Several troops have hiked to the scout lodge, physical stunts have been given in their behalf, and a window dressing contest was held.

Of the eighteen troops in the county, the total membership is 363, including six eagle scouts, six star scouts, fifty-four first class scouts, 121 second class scouts. Six wolf cub packs with a membership of 150 boys complete the entire county organization. A total of 513 boys who are directly in touch with the scout organization.

Ada and Muskogee are the only two cities in the state to have wolf cub (junior scouts) packs and the Ada membership is as large as that of the eastern city. Boys in this organization become scouts when they are 12 years of age.

COOPER TO STAGE 8-ROUND BATTLE HERE ON MAY 25

For the second time in his career, Arch Cooper, Ada middleweight, will go eight rounds. He is scheduled for this bout with Earl Lane, Oklahoma City, when the American Legion stages its monthly athletic carnival at the McSwain theatre on the night of May 25. Both men have about the same experience, it is understood, and fans here are expecting Cooper to be at his best.

Dempsey Sparks, iron jaw welterweight of Ada, will fight in the semi-windup with Abe Waugh of Shawnee. This will be Sparks' first 6-round bout. Dutch Stone is scheduled for five rounds with Kid Bailey of Holdenville. Sailor Adair ban-tam weight will go five rounds with Young Padgett of Holdenville. All the out of town men are new, and locals are anxious to see the Ada men in action again.

Daily work-outs are being held at the American Legion hall. Many interested fans have been attending. Manager Dixon, in charge of the fighters, today issued an invitation to all fans to come to the hall Friday evening to see the men work. Cooper has been working ten rounds daily.

Another good preliminary is pending and may be matched for this card, it was announced today. All bouts are longer periods than any heretofore.

GIFTS

for the sweet girl graduate
